Anja Bohnhof, a German Photographer, followed in the geographical footsteps of Mahatma Gandhi for a period of five years, travelling to many different places in India, Bangladesh, South Africa and Europe that were important for his life and work.

This unique project required a great deal of perseverance and effort. Moreover, the work includes images of places that have not previously been considered in connection with Gandhi. The result is extensive and complex and offers numerous starting points for an examination that goes far beyond biographical aspects alone.

Along with their documentary quality, the photographs are each charged with a compelling push and pull between contemporary aspects and a historical aura.

In addition to the exhibition, the photography art book Tracking Gandhi by Anja Bohnhof will be presented at Satya Art Gallery.
